EXAMINER'S AMENDMENT

1. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to Applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this Examiner's amendment was given in a telephone interview with Leslie P. Gehman on 15 November 2004.

2. The application has been amended as follows:

- In **Claim 11** regarding lines 10 and 11, please delete, "the image capture device" and replace with, "the digital imaging system".
- In **Claim 13** regarding line 4, please delete, "the image capture device" and replace with, "the digital imaging system".
- In **Claim 15** regarding line 5, after "it takes light from" and before "flash to reflect", please insert, "said".
- In **Claim 18** regarding line 3, before "means for storing said distance data", please insert, "means for converting said delay data to distance data and".

Allowable Subject Matter

3. **Claims 1 – 16, 18, and 19** (now renumbered 1 – 18, respectively) are allowed.
4. The following is an Examiner's statement of reasons for allowance:

Art Unit: 2612

While the closest prior art teach of an image capture device and method of operating thereof comprising a plurality of pixel sensors, a plurality of timers individually coupled with at least some of said pixel sensors, and a plurality of intensity comparators coupled with said timers and said at least some of said pixel sensors; wherein the timers are started in synchronization with the initialization of the plurality of pixels sensors and are independently stopped based on an increase in brightness determined reflected by the scene; wherein a flash is coupled with said timers and the timers are started when said flash fires, and the increase in brightness of a scene is a result of the flash.

However, the closest prior art does not teach or fairly suggest producing a quantity of delay data corresponding to the time required for the light from said flash to illuminate an object then return to the image capture device.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
